
COLLINS AEROSPACE

Collins Aerospace, a unit of Raytheon Technologies, is a leader in technologically advanced and intelligent solutions for the global aerospace and defense industry. Created in 2018 by bringing together UTC Aerospace Systems and Rockwell Collins, Collins Aerospace has the capabilities, comprehensive portfolio and expertise to solve customers' toughest challenges and to meet the demands of a rapidly evolving global market.

ARINC Incorporated

ARINC Incorporated, a part of Collins Aerospace, supports secure and reliable solutions to critical information management needs for the aviation, airports and security sectors. As the Information Management Services (IMS) division, our solutions keep the aviation industry simply connected, and enables the contactless passenger journey. Our aviation network services, applications and ground systems infrastructure — along with flight support, communications services and information processing — work with information-enabled avionics and communications systems to seamlessly support the connected aircraft and a connected ecosystem.

Fuel Accessory Service Technologies Pte Ltd (FAST)

Fuel Accessory Service Technologies Pte Ltd (FAST) was set up to provide the best quality jet fuel control and engine accessory repair services to airlines and other customers in the Asia-Pacific region. It operates out of the campus in Changi North.

Goodrich Aerospace Pte Ltd

An integrated unit of Collins Aerospace, Goodrich Aerospace Pte Ltd (GAPL) specializes in aircraft systems and component maintenance, repair & overhaul (MRO). It operates out of the campus in Changi North to deliver service solutions to aftermarket customers globally.

Goodrich Aerostructures Service Center - Asia Pte Ltd (GASCA)

An integrated unit of Collins Aerospace, GASCA specializes in the maintenance, repair and overhaul (MRO) of nacelle system and airframe composite components for airlines and MROs in Asia-Pacific. Operating out of the Changi North MRO campus, GASCA has comprehensive nacelle MRO capabilities, covering long-standing platforms such as Airbus A320CEO and Boeing B737NG aircraft as well as the latest B787, A350 and A320NEO aircraft.

Hamilton Sundstrand Pacific Aerospace Pte Ltd

Established in Singapore in 1971, HSunpac has two manufacturing plants in Singapore, located at Bedok South Road and Changi North Rise.

The Bedok South plant is designated as the “Gear Centre of Excellence” for Collins Aerospace. The Changi North plant is designated as the “Centre of Excellence for Complex Machining” for Collins Aerospace.

Rockwell Collins Southeast Asia Pte Ltd

Rockwell Collins SEA Pte. Ltd which is part of the Avionics division within Collins Aerospace, provides maintenance, repair and overhaul services, sales and customer support for our commercial and military customers in the Asia Pacific region. The Service Center has full repair capabilities servicing Avionics products within our Commercial Avionics portfolios.
