

Singapore Aero Engine Services Private Limited (SAESL)

A joint venture between Rolls-Royce and SIA Engineering Company Singapore Aero Engine Services Private Limited (SAESL) is a Trent Centre of Excellence providing best in class aero engine and component repair services for the successful Rolls-Royce Trent engine family. SAESL is one of the world's largest Trent engine MRO with capability to support all products in the Trent family and with a customer base that spans across 6 continents. Significant growth over the years has driven the continued expansion of facilities and capabilities.

As a result of the sustained business growth, SAESL has continued to expand its facilities and develop new capabilities for both its engine overhaul and component repair businesses. The Engine Overhaul business has the broadest capability to service all products in the Trent engine family, this includes: Trent 700, Trent 800, Trent 900, Trent 1000, Trent XWB and Trent 7000; SAESL is the only Trent engine MRO that can support all product variants. The Engine Overhaul business has the capacity to repair and overhaul over 300 Trent engines per year and it is equipped with a state-of-the-art Engine Test Facility that supports our best in class engine turnaround times.

In addition, SAESL is one of the few MRO shops that are fully capable in delivering Repairs for the Trent XWB engine (Airbus A350 XWB), the fastest selling Trent ever. This will mean that SAESL will have overhaul capability for all in-service Trent engine types. With a reputation for service excellence and a strongly established customer base, we are well positioned in the Asia Pacific region for continued growth through the reliable and effective repair, maintenance and overhaul of Rolls-Royce Trent engines. SAESL delivers best in class engine turnaround times at exceptional quality. Our continuous improvement culture means that we are always looking for ways to further enhance or optimise our service offerings to the customer. Our flexible engine strip and build processes, utilising both gantry and traditional methods, helps ensure fast customer responsiveness and turnaround.

We are committed to Servicing the Best by the Best
